

HYDRAULIC BOTTLE JACKS

OVERVIEW

American Chrome Hydraulic Bottle Jacks come in 12, 20 and 32 ton sizes with the option of choosing the low boy feature. ACC bottle jacks have an anodized finish to resist rust, with a low profile design for low ground clearance vehicles. Our bottle jacks provide quality and safety with a sleek look.

The American Chrome Bottle Jacks Product Line includes:

- 12 ton standard and low boy
- 20 ton standard and low boy
- 32 ton standard and low boy

In addition, the ACC product line includes all fast-moving chrome, stainless steel, and ABS chrome items such as lug nut covers and hubcaps, simulators, light panels, bumper guides, mud flap hangers, flap weights, and much more. For information on our full line of products, please call us at 800-562-4488 or visit our website at www.amerianchrome.com.

THE PRODUCT

<i>BEST SELLING HYDRAULIC BOTTLE JACKS</i>		<i>CUSTOMER QUESTION/SELLER'S RESPONSE</i>
Part Number	Description	<p><i>Why do I need a hydraulic jack?</i></p> <p>A hydraulic jack is a great tool for lifting a lot of weight, especially in areas where you have limited space to work. Just slide the jack into place and pump the handle and let the hydraulic fluid inside do all the heaving lifting. To lower, just turn a knob to release the pressure. These compact jacks lift from 12 to 32 tons.</p>
23700	Hydraulic bottle jack, 12 ton	
23705	Hydraulic bottle jack, 12 ton low boy	
23710	Hydraulic bottle jack, 20 ton	
23715	Hydraulic bottle jack, 20 ton low boy	
23720	Hydraulic bottle jack, 32 ton
